Thinking Out Loud

RESIDENT OR CITIZEN, WHICH?

By SAMUEL B. PETTENGILL
Former Member of Congress from Indiana

If you intend to do any beefing in the next two years, do it now. In 1942. This spring. Next November. This may be your last chance to beef.

In short, we elect a Board of Directors of the American people. A Board that votes on almost every matter that concerns you—whether you vote or not—a board that sits in the board room of every insurance company, savings bank, store, farmers' cooperative, big steel, little steel, every railroad, labor union, mine, factory, saw mill, quarry, ranch, salmon run, newspaper.

A Board that sits in the office of every lawyer, doctor, dentist, architect, engineer, teacher, clergyman, college president. A Board that taxes every purse, every endowment, every trust fund; that largely determines the standard of living of every citizen and of every institution in the greatest nation in the world. A Board that declares war.

A Board that puts your son in uniform and sends him to far places whence he will return "with his shield or upon it."

Fathers and Mothers

You fathers and mothers of sons, do you want that boy of yours to have every chance to come striding home safe and sound? Do you want him given the best weapons that brain and hand can make without delay? If you do, your Congressman will vote on that question.

We are at war, perhaps the grimmest we have seen since Valley Forge. The war will mean little, nothing perhaps, unless we prove to the world, and establish the fact for all future generations to read, that a free people can defend freedom against total assault without losing it in the struggle to save it.

Will that fact be written on the page of history? Your Senator will write it, or it may not be written.

Can we vest in the Executive almost total military and economic power or total war and then restore that power to a free people as Cincinnatus returned to the plow and Washington returned to Mount Vernon? Your Congressman will decide.

Will we emerge from this conflict a Fascist State a Communist State, of the United States? Your Senator will decide. Will your hard-won savings from years of toil be washed out in your old age by inflation or repudiation? That is up to your Congressman.

Closed Shop Monopoly

Will your millions of young men, home from the war, be frozen out of jobs by a closed shop labor monopoly, established while they were "on the fotntiers of freedom"? Your Senator will decide.

These and dozens of other questions equally important are going to be decided in Board Meeting, in Washington, D. C. U. S. A., this year, next year.

You, Mr. Baker, Candlestick Maker, Housewife, Farmer, and all the rest, are the stockholders of U. S. A., Inc. You can't attend Board Meetings in Washington. There are too many of you. There is no Town Hall big enough. But, you are not voiceless. The Constitution has assured you the right to elect representatives or directors to speak and vote for you.

How do you want them to vote? And what kind of men do you want as your proxies on that Board?

It is up to you. This is the year, now is the appointed time. DO YOUR BEEFING NOW.

We have heard much of "liberals" in recent years, even of those who are liberal with your money. But nail this down. Nothing that diminishes the prestige and subtracts from the power of Congress is liberal. When the Reichstag voted away its power, the shadow of Hitler began to lengthen across the world.

In B. C. 54 Rome was shaken to its foundations by the conspiracy of Cataline to overthrow the Republic. It was then that Cato made his magnificent reply to Caesar, "Now I conjure you by the immortal gods—rouse for once out of your lethargy and take on you the defense of the state."

Asleep or Apathetic?

I do not say the American people are asleep. On the contrary, they are probably more alert than the people

(Continued on Page Four)

CLINIC APR. 28 FOR CRIPPLED CHILDREN

Diagnosis and medical advice will be available for crippled children in Nevada County in a clinic announced by Dr. Bertram P. Brown, State Health Director.

A clinic will be held in the Nevada City elementary school, Tuesday, April 28, from 9 a. m. to 3 p. m.

Dr. Donald King, San Francisco specialist, will conduct the clinic under the auspices of the Crippled Children's Services of the State Department of Public Health.

Arrangements for children to attend the clinic should be made through Mrs. Isabel Hefelfinger, the school nurse in Nevada City.

Among those eligible to attend are all children under 21 years of age who are physically handicapped as a result of infantile paralysis and other diseases, burns, accidents, and deformities present at birth, such as cleft palate, club feet and cross eyes.

AIR CORPS NEEDS APPLICANTS FOR EXPANDING FORCE

The Air Corps of the Army of the United States has established an Aviation Cadet Examining Board in the Chamber of Commerce Building in Sacramento. This board exists for the purpose of serving the Sacramento Valley in the matter of securing qualified Aviation Cadet applicants to meet the needs of an expanding air force. The board operates seven days a week but on Saturday afternoons and Sundays applicants should call at the Sacramento Hotel instead of the Chamber of Commerce.

Duncan J. Powers, captain in the air corps, notifies Secretary H. F. Sofge of the local Chamber of Commerce that "we are especially anxious for the young men in your community to know the opportunities which exist for service and personal advancement in the air corps."

"We feel there must be many young men in your community who would welcome the opportunity to get into this vital service,' Captain Powers states, "and these booklets (the booklets can be secured at the Chamber of Commerce here) would furnish this information."

Family Budget Changes In 1942 Predicted

BERKELEY—California families in this first year of the war will probably find themselves spending 20 per cent more for food than they did in peacetime, according to an anaylsis made public today by Miss Jean Warren, home management specialist in the University of California Agricltural Extension Service.

She predicts that in comparison with peace time budgets the first war budgets will also show a definite decline in the money spent for shelter because new household equipment and repairs will be hard to obtain; a 20 per cent rise in the cost of clothing; a two-thirds drop in the amount of money spent for automobile driving and upkeep. Health expenses will probably differ little, she said, while other expenditures will be only slightly greater than in peacetime.

Any increased income, she added, will probably go into savings or taxes or both. "Even if families spend as much on living in 1942 as in 1941" she explained, "they probably will not get so many things for their money because these things will not be available. It will be increasingly evident that wage raises do not increase the amount of goods obtainable and that dollars do not spell prosperity."

RECOVERING

Ernest Marks, Empire Mine employee, is recovering in the Miners Hospital here from friction burns suffered in an accident in the cyanide plant at the Empire.

Marks' sweater became entangled with a belt in the line shaft and he was pulled tight against the belt, causing the friction burns.

Survey Reveals 2,031 Men Now At Work In Gold Mines Of County

SUSPENSION OF WORK AT SCOTIA MINE IN GRASS VALLEY HEAVIEST BLOW DURING PAST MONTH

Number employed: 2,031.
Monthly payroll: $304,650.

That is the picture at the present time of the Nevada County gold mining industry.

Last month The Nugget's survey showed there were 2,161 men employed, with a payroll of $324,150.

The suspension of mining at the Scotia Mine in Grass Valley was the biggest blow to the industry in the county during the past month. Scotia operations suspended due to the inability to hire experienced miners.

Operations resumed during the past month at the Spanish Mine at an open barite pit. Fifteen men are employed.

Employment dropppd slightly at the large operating mines in the county. The Empire Mine has 400 men employed, the North Star 275 and the Pennsylvania 115.

At the Murchie in Nevada City 15 men are continuing salvaging operations and there is a crew of 30 at the Zeibright.

The total number at work at the Central and Banner Mines of the Lava Cap Corporation is 310.

The Idaho-Maryland Mines Corporation reports 263 men underground at the Idaho-Maryland, 283 underground at the New Brunswick, 163 at the mills and on the surface at the two mines and 48 on the private operating payroll. There are seven men at the Syndicate Mine, making the total number of men employed by the corporation 764.

The latest survey of men and payroll at the operating mines in the county follow:

	Men	Payroll
Empire-Star Mines—		
Empire	400	$60,000
North Star	275	41,250
Pennsylvania	115	17,250
Zeibright	30	4,500
Murchie	15	2,250
Idaho-Maryland Mines—		
Idaho-Maryland	411	61,650
New Brunswick	346	51,900
Syndicate	7	1,050
Lava Cap Mines—		
Central	180	27,000
Banner	130	19,500
Others—		
Scotia	10	1,500
Spring Hill	18	2,700
Anchoe Erie	12	1,800
Spanish	15	2,250
Coan	2	300
Placer Mines—		
Innis	17	2,550
Omega	38	5,700
Relief Hill	12	1,800
TOTALS	2,031	$304,650

JOHN K. OSBORNE IS IN CHARGE OF SUGAR RATIONING

Registering for the sugar rationing program will get underway in Nevada County on April 28th, when manufacturers, wholesalers and retailers will sign up at the high schools in the county. Distributors can also register on April 29th.

John K. Osborne will be in charge of the sugar rationing program in Nevada County and will be assisted by the public school teachers.

Individuals will register and be given rationing cards on May 4, 5, 6 and 7. The signups of indviduals will take place at the elementary schools in the county.

MINING OF BARITE AT SPANISH MINE HAS RESUMED

Fifteen men are engaged in mining barite at the Spanish Mine above Washington.

The ore which is used as a substitute for lead in the production of various items, is trammed from the upper camp at the Spanish to the lower camp, where it is loaded on trucks and carried to ore bins near the Washington Junction. At that point huge trucks and trailers are loaded with the barite and the mineral is taken to a reduction plant at Modesto.

It is expected 30,000 tons of the barite, which is mined at the Spanish from an open pit, will be taken out this year. Approximately 20,000 tons were mined before operations were halted for the winter.

D. K. Ribble is in charge of the work at the mine.

ELISE DEMATTEI COUNCIL LEADER

Mrs. Elise DeMattei, local schoolteacher, was named to succeed Fred C. Garrison as president of the Nevada City Coordinating Council.

Mrs. DeMattei had been vice president of the local council, which met here yesterday afternoon to select a successor to Garrison, who will soon leave for military duty.

Priority Rating Has Been Restored To Lava Cap

General Manager Dtto E. Schiffner of the Lava Cap Mining Corporation reveals priority rating P-56 has been restored to the Lava Cap properties here, enabling the mines to obtain the materials necessary to carry on operations.

Previously, the Lava Cap had been included in the order denying a priority rating for gold and silver mines. General Manager Schiffner said said the restoration of the P-56 rating for the Lava Cap mines was not solicited by the mining firm but accomplished through the appeal of the Selby smelter where the Lava Cap concentrates are treated.

The local mine manager believes the Lava Cap concentrates contain an ingredient which is valuable in the smelting of lead ore, essential in the war effort.

The ingredient is probably arsenic. The concentrates at the Lava Cap carry 7 per cent arsenic.

Schiffner said the restoration of the rating has been the cause for elation at the Lava Cap, not only because it means essential materials can be obtained but because it shows the mine and its men are producing for the war effort on the same basis as a copper or manganese mine or a shipyard.

Schiffner believes the news will have a tendency to stabilize the employment situation at the Lava Cap. He said many men had left to work on the army cantonment and that the Lava Cap properties are operating 40 men short.

No development work is being carried on at the Lava Cap at the present time because of the shortages in experienced miners.

INJURES FINGER

Delbert Schiffner, who is employed in war work in the bay area, suffered an injured finger and is here to spend several days with his parents, Mr. and Mrs. Otto Schiffner, while recuperating.

Al Bates And Benjamin Hall Elected To Council Positions

Mayor Benjamin Hall, senior member of the Nevada City Council, was returned to office Tuesday by local voters and Al S. Bates, whose popularity with voters here was evidenced at the school trustees election a year ago, was the people's choice for the council post vacated by Robert Nye.

Bates polled the highest vote, receiving 439 of the 554 ballots cast. Mayor Hall's vote was 335, 80 more than the number cast for Lambert Thomas, the third candidate in the field. Thomas' vote was 255.

City Treasurer Emma Foley who had no opposition, was given a complimentary vote of 446. City Clerk George Calanan, also unopposed, received 440 votes. Miles Coughlin was given two write in votes for city clerk and Mrs. Belle Douglass was given one write in for the same position.

There were 337 votes cast at the City Hall precinct. The vote at that precinct was 277 for Bates, 194 for Hall and 161 for Thomas. Mrs. Foley received 267 and Calanan 246.

At the E. J. N. Ott Building precinct, Bates received 162 votes, Hall, 141 and Thomas 94. Mrs. Foley received 179 votes and Calanan 164.

The men elected Tuesday will commence their term at the next meeting of the council. It is probable Hall will be renamed mayor. The local council is now composed of Hall, Bates, Frank Davies, Irvine Seaman and Dr. John R. Ivey.

CHARLES ALPERS CALLED BY DEATH

Charles E. Alpers, 82, one of the most widely known residents of the North San Juan Ridge, died Tuesday night in a local hospital following a heart attack.

The funeral services will be held at 10 o'clock tomorrow morning at the Hooper-Weaver Mortuary in Grass Valley. Burial will be in the Greenwood Cemetery in that city.

Alpers was a gold miner and he worked in the famous hydraulic mines on he North San Juan Ridge. His residence for years had been at Tyler.

Alpers leaves five daughters, Mrs. Mandel Krelle of Santa Monica, Mrs. Myrtle Jeffry and Mrs. Vesta Young of Grass Valley, Mrs. Doris Payne of Tyler and Mrs. Grace Norman of Oakland. George Alpers of Tyler is a brother and there are many nieces and nephews.

ASSESSMENT WORK MORATORIUM BILL PENDING IN CONGRESS

The United States Senate Mines and Mining Subcommittee has approved a bill (HR 2414) to suspend a requirement of annual assessment work on mining claims.

Claimants now are required to do at least $100 in labor annually to hold their claims but the bill was introduced because work in defense industries made it impossible for many westerners to meet the requirtment.

LARGE DELEGATION FROM HERE ATTENDS DIOCESAN CONVENTION

Nevada City Episcopal Church had a lage representation at the Sacramento Diocese convention held in Marysville April 14th and 15th.

At yesterday's gathering the group from here was the second largest of any city in the diocese. Those attending were:

Mayor and Mrs. Ben Hall, Mr. and Mrs. Paul Kemper, Mrs. A. B. Innis, Mrs Minerva Wright, Miss Elma Hecker, Miss Mary Hoskins, Mrs. L. G. Lageson, Mrs. William Fenton, Mrs. Fred Breese, Miss Rita Hutchison, Mrs. Charles Parsons and Rev. Cedric Porter.

SACRAMENTO REGION CHAMBER SECRETARIES WILL MEET

Colonel F. M. Smith, state manager, contract distribution branch, Production Division of the War Production Board, will be the principal speaker at the Sacramento Region Chamber of Commerce Secretaries in Sacramento Friday.

Colonel Smith's address will be "Sub-Contracting."

Secretary H. F. Sofge of the local chamber will attend the meeting.

Mr. and Mrs. Irving Long returned to Nevada City last night after attending an insurance meeting in Sacramento.

Caught in the Riffles

Merchants of Grass Valley have seized on a novel but effective way of discouraging Jehovahs Witnesses, when they invade the business streets in their sale of pamphlets. They rush indoors and bring out the Stars and Stripes and plant them in their side-walk sockets. The Witnesses don't like it, but they have to lump it.

The Western Railroader, a magazine for western railroad fans, carried an article on the life on the Lake Tahoe Narrow Gauge Railroad in its last issue.

This interesting paragraph was noted by Bob Paine:

"The narrow gauge locos were all scrapped except No. 1 which was bought by the Nevada County Narrow Gauge for its parts and now stands on a siding at Grass Valley and excet for pilot she looks about the same as she did when built 66 years ago.

Now, No. 1 is destined to go elsewhere or be scrapped. It is likely No. 1 will finally find its way into the movies.

Ernie Innes of Downieville, a personal friend of Earl Warren, candidate for governor, believes the women's vote will be responsible for Warren's election as head of the state's government.

Innes, in a letter to Vic Cassidy, editor of the Downieville Messenger, says: "The women like handsome, honest and fearless men like Earl. What will Earl's five daughters say? Will it not be this? 'Gee, Daddy, it was the women's vote that elected you governor in 1942'!"

Joe Cartoscelli soon leaves for Sacramento, where he is to take charge of the Cartoscelli grape and strawberry farm. It had been leas-to Japanese but the Japs are to be interned.

JUST TO SHOW YOU WHAT THE MARYSVILLE MERCHANTS THINK OF THE NEVADA CITY AND GRASS VALLEY TRADE THEY REMAIN OPEN ON THE NEVADA COUNTY MINES PAY DAY NIGHTS!

The Nevada City Rotary Club last night decided not to ask for the fall Rotary district assembly here because of the uncertainty of conditions. An attempt to have the assembly held here after the war is over will be made.

RITES HELD FOR LOCAL CHILD

Bishop Angus Fox of the Latter Day Saints Church today conducted final rites at the Holmes Funeral Home here for Beatrice Cagle, two year old daughter of Mr. and Mrs. A. H. Cagle. Burial was in the Pine Grove Cemetery.

The child died yesterday from pneumonia at a local hospital. Besides the grief stricken parents, left to survive the deceased are two sisters, Emma and Donna June Cagle and a brother, Robert Cagle.

Beatrice was born in Hamitos, Calif., and was aged two years and four months.

The Cagles have lived in this city for the past year.

RAILROAD COMMISSION INSPECTOR HERE ON BUSINESS

N. A. Wood, engineer and inspector for the California Railroad Commission, was in Nevada City Friday surveying public opinion on the abandonment of the Nevada County Narrow Gauge Railroad steam line.

Church Notes

—Trinity Episcopal Church

Sunday School at 9:45 a. m.

Morning prayer at 11 a. m.

Rev. Cedric Porter will give a brief account of the Diocesan convention held in Marysville.

—Catholic Church

Two masses will be celebrated Sunday at the St. Canice Catholic Church. The first mass will be at 8 a. m. and the second at 10:30 a. m. Father Patrick O'Reilly and Father Edward Williams will conduct the services.

—Methodist Church

Sunday service in Methodist Church, Sunday School at 10 a. m. Preaching service at 11 a. m. Epworth League at 6 p. m. Preaching service at 7 p. m. Week events—Bible study and prayer hour Tuesday at 7:30 p. m. Choir practice Wednesday at 7:30 p. m. Young people prayer meeting Thursday at 7:30 p. m.

—Christian Science Society

The Christian Science Society in Nevada City holds service at 114 Boulder Street every Sunday at 11 a. m. Sunday school at 9:45 a. m. Testimnial meeting is held the first Wednesday of each month at eight p. m. Christian Science Reading Room at 117 Broad Street open every day except Sundays and holidays from 2 p. m. to 4 p. m.

"Christ is not entered into the holy places made with hands, which are the figures of the true; but into heaven itself, now to appear in the presence of God for us." These words from Hebrews comprise the Golden Text to be used Sunday.

Included among the Scriptural selections will be: "Seeing then that we have a great high priest, that is passed into the heavens, Jesus the Son of God, let us hold fast our profession," (Hebrews 4:14).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Jesus teaching and practice of Truth involved such a sacrifice as makes us admit its Principle to be Love. This was the precious import of our Master's sinless career and of his demonstration of power over death," (p. 26).

Mrs. Florence Hocking Expired Today After Two Weeks Illness

Mrs. Florence Hocking, 51, wife of Will (Fannie) Hocking, prominent Nevada County Mine Workers Protective League member, died today after an illness of two weeks.

Funeral services are being arranged at the Hooper-Weaver Mortuary in Grass Valley.

The deceased was a lifelong resident of this county and was well known in Grass Valley and Nevada City.

H. F. Sofge's chickens know what to do in the event of an air raid. The other day Sofge and local defense officials tested a siren which was placed at the Sofge home in Willow Valley as an air raid signal. When the chickens heard the wail of the siren every last one of them lost no time in seeking shelter.

THANKS

I wish to thank the voters of Nevada City for the splendid support they gave me at the election on Tuesday.

I'll make every effort to merit their confidence.

A. S. BATES

THANKS

To the Voters of Nevada City:

I thank you for your renewed confidence in me. I will endeavor to merit it.

BENJ. HALL.

TIE A CAN TO THE AXIS

News in Verse, April 14, on KJBS Written by Harley M. Leete, Jr.

"It's a sin to waste tin,"
Is the slogan that's in.
As housewives rush to the allied cause,
And save their tin with nary a pause.
They wash the cans, squeeze them flat,
—Thus giving Hitler tit for tat.
The Huns don't waste tin cans and such,
As a matter of fact, they haven't much.

From tomato juice to cans of crisco,
Wives did their part in San Francisco.
Ten box cars filled with old tin cans,
Helped make the Axis also-rans.
As well as tin, there's black steel scrap,
That's saved from cans, to beat the Jap.
From off back porch and in garage,
The Axis is stormed by a tin can barrage.

Hitler in his boots may shake,
At a nation's housewives, wide-awake.
A deluge of tin won't win the war,
Unless it's a symbol of something more.
That's what it is, we have no doubt—
A sign America's gone all-out.

The girl who gets a hasty lunch,
From out of a can, must also crunch,
The container flat, and stow away,
Until the next collection day.
All washed and flat, the cans then go,
To strike another lied blow.

With every tin-can-flattening move,
She strikes another blow to prove,
Which side has sworn they've more to gain,
By exerting all it's brawn and brain,
By sweating, slaving, giving all,
To force the foe against the wall.
Waste is one of the foes we fight,
In this war for a cause we know is right!

WELISCH & CO.; also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto,

DEFENDANTS.

YOU ARE HEREBY DIRECTED to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten days after the service on you of this summons — if served within this County; or within thirty days if served elsewhere.

The said action is brought to obtain a judgment and decree quieting plaintiffs' title to the following described real property, situated in the County of Nevada, State of California, and to determine all adverse claims thereon, and particularly described as follows, to-wit:

PARCEL ONE

All that portion of Lot 1, Block 44, of the City of Nevada, as said lot and block are designated upon the official map of the said City of Nevada, made by H. S. Bradley in the year 1869, and all that portion of Lot 5 of the NE ¼ of Section 13, Township 16 North, Range 8 East, Mount Diablo Base and Meridian, described as follows, to-wit:

Commencing at the most westerly corner of the lot herein described at a point which is located South 69° 12' East from the Southwest corner of the Townsite of Nevada City; thence South 71° 03' East 8.50 feet; thence North 72° 32' East along the Northerly line of the State Highway department property 159.54 feet; thence continuing along said northerly line of State Highway department property, North 56° 56' East 202.81 feet to the Northwest corner of the Delgrosso property; thence along the northerly line of said Delgrosso property North 57° 01' East 361.72 feet; thence South 37° 32' East 19.48 feet; thence South 85° 28' East 143.35 feet to the westerly line of the Lower Grass Valley Road, thence along the Westerly line of Lower Grass Valley Road, North 3° 24' East 192.16 feet; thence South 84° 35' West 290.55 feet; thence North 2° 17' East 128.06 feet; thence South 86° 12' West 300.62 feet to the Easterly line of the present State Highway; thence along the easterly line of said State Highway South 19° 49' West 636.06 feet to the place of beginning.

PARCEL TWO

In Nevada City, Lot bounded West by Lot of O'Neill North by Lot of Robert Organ, in the Southeast corner and being part thereof of Lot 1, of Block 44, of the City of Nevada. also for general relief as will more fully appear in the Complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiffs will apply to the Court for the relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Nevada, this 22nd day of January, 1942.

R. N. McCORMACK, Clerk.
By: R. E. DEEBLE, Deputy Clerk.

A FUNDAMENTAL PRINCIPLE

Incorporated in our business policy is that our service must at all times be moderately priced.

It is our belief that all people wish the finest of a mortuary service; even those who cannot afford to pay a great deal for it. Since ours is a service for all the people we have kept our prices reasonable.

NATIONAL FOREST TIMBER FOR SALE

Sealed bids will be received by the Forest Supervisor, Nevada City, California, up to and including April 26, 1942, for all the live timber marked for cutting and all the merchantable dead timber located on an area embracing about 1000 acres in Sections 14, 22 and 23, T. 17 N., R. 10 E., and Sections 18, 19, 20 and 30, T. 17 N., R. 11 E., M. D. M., Tahoe National Forest, California, estimated to be 3000 M feet of ponderosa pine, sugar pine, Douglas fir, white fir and incense cedar. No bid of less than $3.00 per M feet for sugar pine, $2.50 per M feet for ponderosa pine, $1.50 per M feet for Douglas fir, $1.00 per M feet for incense cedar and $.50 per M feet for white fir, and $.50 per M feet for material unmerchantable because of size, to be removed at the option of the purchaser, will be considered. In addition, the purchaser will be required to make deposits to cover the cost to the United States of fire hazard reduction at the rate of $.50 per M feet merchantable scale of all species. $500 must be deposited with each bid, to be applied on the purchase price, refunded or retained in part as liquidated damages according to conditions of sale. The right to reject any and all bids reserved. Before bids are submitted full information concerning the timber, the conditions of sale, and the submission of bids, should be obtained from the Forest Supervisor, Nevada City, California.

Production Continued Steady At Empire-Star Properties During 1941

The Empire-Star Mines Corporation annual report revealed in 1941 248,289 tons of ore were mined and milled, compared to 253,369 tons in the previous year.

"In spite of the shortage of skilled miners," the report reads, "development in these mines was continued at a high rate and amounted in the Empire, North Star and the Pennsylvania Mines during 1941 to a total of 25,641 feet of new drifts, cross cuts, raises and winzes, and 9,057 feet of diamond drilling. As a result the tonnage of known ore was again maintained in spite of extraction. Of interest in the 1941 development has been the increased exposure in deeper levels. Ore not previously known to exist has been found on the 7000 foot Empire level and on the 10,450 North Star, in widely separated positions. While the extent of each of these disclosures is still not fully determined they are of sufficient importance to justify the timely installation of new underground hoisting equipment."

GOVERNOR ACTS TO ASSIST GOLD MINING INDUSTRY

Steps leading to the full-scale production of strategic minerals in California and the protection of existing gold mines were urged by Governor Olson in a six-point recommended program sent to President Roosevelt yesterday.

The recommendations included:

1—Install depots where miners can sell less than carload lots of strategic mineral ore to the government.

2—Fix price schedules with "suitable ceilings" and at least a two-year guaranteed limit.

3—Build custom mills by loans or federal action (preferably the latter) so that small tungsten and chrome prouerties can be worked.

4—Develop roads into mining country.

5—"Simplify and expedite" bonus payments for above quota production of lead, zinc, copper and other strategic minerals.

6—Release priority restrictions on gold mining equipment.

Olson said the six point program was offered as a "constructive" effort to develop state mineral resources to maximum production.

LAWRENCE SMITH INSTALLING MILL TO TREAT MIDNIGHT ORE

The installation of a ten ton mill at the Sierra Queen Mine on the banks of Deer Creek here is near completion. The mill is being installed by Lawrence Smith for the purpose of treating approximately 100 tons of ore recently mined at the Midnight Mine, located across Deer Creek from the Sierra Queen.

Raid On Donner Summit Nets Draft Evader

Officers of the FBI, aided by Nevada Co. authorities searched resorts in the Donner area this week for enemy aliens. The search netted one German alien for failing to register under the Selective Service Act.

The German, William Handrack, 34, was booked at the county jail here. He had been employed as a cook at Norden.

The FBI officers were aided in the raid by Undersheriff William D. Woods and Deuty Willard O'Hara of Nevada County.

Youth Held As Navy Deserter Following Capture By Highway Patrolman

Naval authorities have notified Nevada County officers to hold Harold John Kruep, 19, who is in the county jail here.

Kruep, according to the officers, is a deserter from the United States Navy.

The youth was captured following a wild chase on Donner Summit by Highway Patrolman Peterson. The chase ended when the car in which Kruep was riding left the highway and turned over.

Neither Kruep or Dolores Maryse Elmqist, 19, his companion, were injured. Miss Elmquist is also held in the county jail here pending further investigation.

The car in which the two were riding reportedly was stolen in Sacramento.

Visits Mother Here—

James Odegaard left yesterday after visiting here with his mother, Mrs. Oscar Odegaard. James, who had been employed at a shipyard in Oakland, has enlisted in the air service and is scheduled to go into training at Santa Ana. Odegaard is a graduate of the Nevada City High School and formerly was employed by the Nevada County Lumber Company.

New High in Ship Production

LIBERTY SHIPS BEING FITTED OUT AT A BETHLEHEM YARD PREPARATORY TO SEA SERVICE. THE YARD IS PRODUCING A CONTINUOUS STREAM OF VESSELS OF THIS TYPE.

Bethlehem ship production this year will represent the greatest all-round shipbuilding output by any company in the history of the country.

Speed, speed and more speed is the constant objective; and always speed with quality, for a jerry-built ship is virtually useless in the grim tasks of maritime war.

The first Liberty ship which recently discharged supplies at a Red Sea port was built in a yard that was virtually non-existent a year ago. A tanker was delivered in 100 days from laying of keel. A battleship will be delivered 14 months ahead of schedule.

Cargo ships are being built in less than one-half the time required in the first World War. Comparable speeding up has been achieved on other types of ships and the schedule is being constantly stepped-up.

Expanding old yards, building new ones, tripling employment in a year's time, training thousands of new men, putting every effective facility to use, adopting pre-assembly and mass production methods—all these spell tonnage and more tonnage, a steadily-mounting output of ships from Bethlehem yards.

All hands are doing their utmost for Victory, working to achieve the maximum for the U. S. Navy and the U. S. Maritime Commission, so that the "bridge of ships" shall be maintained and steadily enlarged.

RESIDENT OR CITIZEN

of any other nation.

But it is true that we have been asleep with reference to Congress. We have come to regard it as the poor relation of the White House, the vermiform appendix of the Constitution.

Do you deny it? I can prove it. But you can also, to yourself. These questions will suffice:

Do you know your Congressman's name? How long has he served? What commitees is he on? Do you recognize him on the streets? Have you ever talked with him about legislation? Have you ever written him a letter?

During the past year you were interested in this and that important bill in Washington. Some you ffavored, some you opposed. How did your Congressman and Senator vote on these bills? Do you know? No, you don't know.

Did You Keep Score?

Out of a dozen of what you consider the most important bills, have you ever indexed your director's votes in the Board Meeting at Washington? Did he vote the way you wanted him to on, say, eight or nine out of 12? Or only on four or three —or none? Did he, in fact, represent you? Grade yourself on this examination. Did you pass?

Now, I will tell you how I know John Public is not "on the alert' to Congress. During my eight years in Washington I made it my business, in driving through my own district, to ask, "Who is your Congressman?" "Well, now, let me see. Seems like it is a guy named H..... (whom I defeated) or no. B..... (many years deceased). Say, Tom, this man wants to know who's our Congressman?"

This is a sovereign remedy for pride that puffeth up. I recommend it to all Congressmen, but it proves my point.

I wish Dr. Gallup would take a poll some day and ask you, Mr. Voter, who is your Congressman, your two Senators, your Governor, your State Senator, and State Representative. The result would startle. For these men, unknown to most of you, have the entire law-making power over your life, your liberty, your property, and the future of your children.

You may not care about yourself. But how about your children? If they are under 21 they cannot vote. Unless you vote for them on matters that concern their future, they might as well live on the Rhine.

Fathers and mothers sweat and slave to leave a little something for their children. Some leave insurance, a trust fund, national defense bonds, a farm, a home or whatnot.

What will it or anything be worth when you are gone unless you leave your children a free land and a solvent country?

How many mothers pay as much attention to the qualifications of their Congressman as they do their cook or laundress?

Last Bastion of Freedom

Congress is the last bastion of freedom. Your country is in the grip of a huge bureaucracy. You may never live to see the Supreme Court declare another act unconstitutional.

But Congress remains. And the Constitution still insures your having non-postponable elections every two years. (In England Parliament has extended its tenure indefinitely by its own act.) Congress, through its ultimate control over the public purse, can put an end to any evil thing in Washington. If it refuses to appropriate funds, the evil thing must die. Hence we still have despite the cynics, not only the form, but the very substance of freedom in our hands.

So long as Congress keeps the power of the purse, and so long as the people keep the power to elect a Congress that will exercise this power, you can have any kind of government you want, and have it now, in 1942. You don't have to wait until 1944 or when the war is over.

The revolt against pensions for Congressmen proves that. The people spoke, and Congress heard. It is one of the best things that has happened in a blue moon. However, to keep things in perspective, Arthurdile, W. Va., the first fruit of the Tugwellian era, cost enough to pay congressional pensions for 38 years. And Passamaquoddy, the tireless tide toy, would pay these pensions for 430 years. It was not Congress that blew in your dough.

Would By-Pass Congress

It is important to realize that totalitarianism is constantly at work to destroy Congress, or to by-pass it. These Utopians want a free hand to "spend and tax and elect."

For example, Tugwell is now trying to get $175,000,000 to socialize Puerto Rico. He has recently stated that the "probable unsympathetic attitude of Congress made it seem desirable to depend, at least in the beginning on the generosity of administrative agencies, rather than on argument before congressional committee"!

We are all concerned about the future of freedom. I do not think it is likely that Congress will be destroyed by a coup d'etat. It is more likely that it will shrivel up through your neglect until it no longer respects itself or is respected, and the people, with hats in hand, will then "most humbly beseech" the bureaucrats for the favor of their own money. The people are letting the reins of government slip from their hands.

They have been doing that all over the world.

Dismiss Partisan Issues

I am not talking party politics. Republican and Democrat, we got along pretty well together for a century and more. We have had good times, bad times, peace, war and victory under each of these great parties. But a new bloc is developing which knows nothing of the covered wagon, but much of Moscow and Berlin. Against these alien-hearted men the Lincoln Republicans and the Jeffersonian Democrats must unite. As in the time of General Washington, put only Americans on guard.

Republicans of the northern states, wipe out the last lingering trace of the Civil War. Realize that you in the North and the Democrats of the South are fellow Americans. You must work together in these desperate days.

Nor do I suggest that any sitting Congressman or Senator be defeated. If he is a man, it is your job to keep him from being defeated. Powerful forces are gunning for men. Men are not wanted; rubber stamps are in demand.

On the other hand, if your Congressman or Senator has shown that you cannot depend on him to make a MacArthur stand for freedom, this is your chance. Not only in Australia in India and Siberia, in Zmeingorski, and Vadakushimsk, but in Washingtn, D. C. do we need men who defend us against "all enemies, foreign and domestic."

Seek Out Strong Men

Don't wait until the fall election. If you do you may have nothing but a choice between two evils. In the primaries now under way support that strong man you now have. Hold up his hands. But if you have no strong man, make it your business to nominate on both tickets the strongest man in your district whom you can draft. Go get him. Make him run.

Send your strongest to Congress. Fifty more strong men than we now have on Capitol Hill and how confidence in future would revive!

Attend political rallies, stand up in meeting and respectfully ask questions. Send delegations to the candidate's office. Ask him to come to your office. Ask the newspapers to publish his vote on important bills if he is an incumbent seeking reelection. Attend the meetings of your party organization. Become a precinct worker. Know your county chairman. Become important to the candidate. Don't be politically illiterate. As Theodore Roosevelt used to say, "Join the ruling class." If you have stockholders—and there are 15,000,000 of them who ought to take an interest in the future of your business—suggest to them that this is the time to put in the first team. Leave the scrubs on the bench.

Ask For Credentials

After all, unless you drafted him, what is he to you? He is an applicant for a job, one of two or more. If you are a business man or a farmer, remember that your Congressman is the most important man you will hire this year.

Ask him to show you his credentials. Ask him: "Do you believe the bigger the national debt, the better off we are? If not, what, do you propose to do about it? What did you do about it?"

Do you Mr. Candidate, believe it is our duty to finance the whole world when this war is over? Do you believe that every desirable social service reaches a limit as to capacity to pay? Where do you think that limit is?

Do you believe in the right of every American to work without being forced to pay tribute to anybody for that right? How do you propose to protect it?

Do you believe labor unions should be democratically controlled by their own members with secret ballots on all important questions? Do you think that they, like corporations, should be prohibited from contributing to political parties?

Do you think Congressmen and Senators should take orders from the White House?

Do you think "the party is always right?" Do you believe in the "party line?"

These are the kind of questions that will winnow out the wheat from the chaff. America is still yours and your children's if only, as an old friend wrote Thomas Jefferson, "We cease being residents and become citizens."

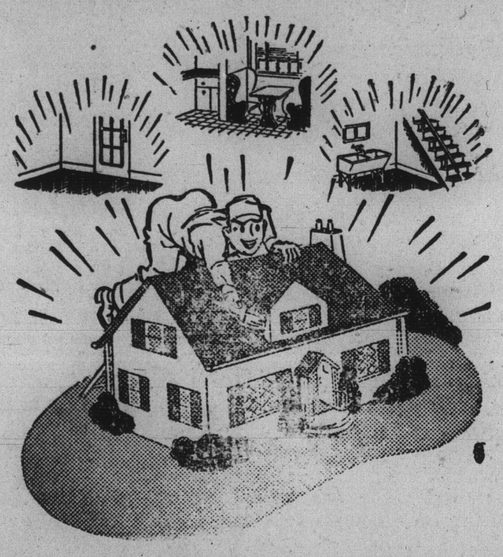
....Fellow citizens, former residents, this is your year.

Of all duties, the love of truth, with faith and constancy in it, ranks first and highest. To love God and to love truth are one and the same.—Silvio Pellico.

Error always addresses the passions and prejudices; truth scorns such mean intrigue, and only addresses the understanding and the conscience.—Azel Backus.

CAN I HELP IT IF I'M

Particular?



YOU BET I'M PARTICULAR! And I know what a beating paint takes from the sun and rain. So I won't fool around with any but the best, which means—MURPHY'S of course. It lasts for years without cracking and scaling, and wears away slowly and evenly. And it's tops when it comes to smoothness too! Why not try it NOW and se for yourself?

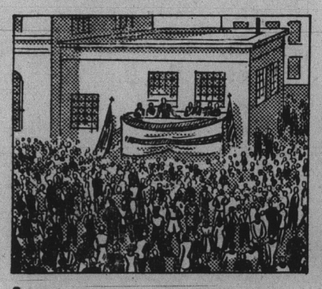
MEN OF WAR

General Electric men and women—thousands of them! Four typical scenes show the spirit with which they are tackling the grim job of producing for war!



1. Thousands of employees, only ten days after war declaration, gathered in mass meetings in most major G-E plants to pledge all-out war effort!

2. Almost 85 per cent of all General Electric employees signed up to buy U. S. Defense Savings Bonds totalling more than $20,000,000 a year!

3. A sign chalked by a G-E workman on a big machine being built for war. The sign carried this challenge to fellow workers: "Remember Wake Island!"

4. And day and night—around the clock—G-E workmen keep steadily at the most important job of building weapons and supplies for U.S. fighting men!

General Electric believes that its first duty as a good citizen is to be a good soldier.
